INDEPENDENT REVIEW REPORT TO THE BOARD OF DIRECTORS OF EVERCHINA INT'L HOLDINGS COMPANY LIMITED

(incorporated in Hong Kong with limited liability)

INTRODUCTION

We have reviewed the condensed consolidated financial statements of EverChina Int'l Holdings Company Limited (the "Company") and its subsidiaries (collectively referred to as the "Group") set out on pages 5 to 34, which comprise the condensed consolidated statement of financial position as of 30 September 2024 and the related condensed consolidated statement of profit or loss, condensed consolidated statement of profit or loss and other comprehensive income, condensed consolidated statement of changes in equity and condensed consolidated statement of cash flows for the six months period then ended, and notes to the condensed consolidated financial statements. The Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited require the preparation of a report on interim financial information to be in compliance with the relevant provisions thereof and Hong Kong Accounting Standard 34 "Interim Financial Reporting" ("HKAS 34") issued by the Hong Kong Institute of Certified Public Accountants. The directors of the Company are responsible for the preparation and presentation of these condensed consolidated financial statements in accordance with HKAS 34. Our responsibility is to express a conclusion on these condensed consolidated financial statements based on our review, and to report our conclusion solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

SCOPE OF REVIEW

We conducted our review in accordance with Hong Kong Standard on Review Engagements 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Hong Kong Institute of Certified Public Accountants. A review of these condensed consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Hong Kong Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

CONCLUSION

Based on our review, nothing has come to our attention that causes us to believe that the condensed consolidated financial statements are not prepared, in all material respects, in accordance with HKAS 34.

INDEPENDENT REVIEW REPORT

MATERIAL UNCERTAINTY RELATED TO GOING CONCERN

We draw attention to note 2 to the consolidated financial statements, which indicates that the Group incurred a loss of approximately HK\$67,741,000 for the period ended 30 September 2024 and, as of that date, the Group has short-term bank and other borrowings amounting to approximately HK\$237,111,000. As at 30 September 2024, the Group had cash and cash equivalents amounting to HK\$109,865,000 which is insufficient to fully repay the bank and other borrowings expiring within 12 months. As stated in note 2, these events or conditions, along with other matters as set forth in note 2, indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

For the six months ended 30 September 2024

2. BASIS OF PREPARATION AND PRINCIPAL ACCOUNTING POLICIES *(Continued)*

Going concern

The Group incurred a net loss approximately HK\$67,741,000 (six months ended 30 September 2023: HK\$186,896,000) for the six months ended 30 September 2024 and, as of that date, the Group has short-term bank and other borrowings of approximately HK\$237,111,000 (31 March 2024: HK\$247,166,000). As at 30 September 2024, the Group had cash and cash equivalents of approximately HK\$109,865,000 (31 March 2024: HK\$24,918,000) which is insufficient to fully repay the bank and other borrowings expiring within 12 months. These indicates that the Group's ability to meet these liquidity requirements depends on its ability to generate sufficient net cash inflows from future operations and other sources.

These facts and circumstances indicate the existence of a material uncertainty which may cast significant doubt on the Group's ability to continue as a going concern and, therefore, it may be unable to realise its assets and discharge its liabilities in the normal course of business. In preparing the condensed consolidated financial statements, the Directors have given careful consideration to the future liquidity of the Group. The Directors adopted the going concern basis for the preparation of the condensed consolidated financial statements and implemented the following measures in order to improve the working capital and liquidity and cash flow position of the Group:

- (1) The management will endeavor the collection of loan receivables of approximately HK\$192,480,000 according to the terms of the loan agreement in order to enhance the future operating cash flows;
- (2) At 30 September 2024, the bank and other borrowings to the extent of approximately HK\$237,111,000 will be due for repayment within twelve months. The Company is actively negotiating with the lenders of the Group on the renewal of bank and other borrowings;
- (3) A substantial shareholder of the Company has agreed to continuously provide financial support for the operations of the Company so as to enable it to meet its liabilities when they fall due and carry on its business without a significant curtailment of operations in the next twelve months from date of approval for issue of these condensed consolidated financial statements;
- (4) Soliciting for further financing arrangements which include funding from related companies of the Group; and
- (5) The Group will continue to take active measures to control administrative costs and maintain containment of capital expenditures.

Based on the Group's cash flow projections, taking into account of the above measures covering a period of twelve months from the date of issue of these condensed consolidated financial statements, the directors of the Company consider that the Group would be able to finance its operations and to meet its financial obligations as and when they fall due.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

For the six months ended 30 September 2024

2. BASIS OF PREPARATION AND PRINCIPAL ACCOUNTING POLICIES *(Continued)*

The auditors' report was unqualified; but include a reference to a matter to which the auditor drew attention by way of emphasis under the heading "Material Uncertainty Related to Going Concern" without qualifying its report; and did not contain a statement under sections 406(2), 407(2) or (3) of the Companies Ordinance.

In view of the global demand and supply of soybean have been rising, we are confident that this segment will continue to make stable contribution to the Group's revenue and cash-flow stream in the time ahead.

Such decrease was mainly attributable to the decrease in the loss on changes in fair value of the Group's investment properties as compared to the same period of last year.

The Group will make every endeavour to increase its rental income. The Group will also closely monitor the market condition and will not eliminate the possibility of realising part of the investment properties in order to enhance the Group's working capital if necessary and when timing is appropriate.

In assessing the ECL of the Group's loans receivable, a credit rating analysis of the underlying debtors was adopted by reviewing the historical accounting information to estimate the default risk. In determining the default risk, factors including but not limited to, the ageing analysis of the receivables, the Group's internal assessment of the debtors' credit worthiness, historical and forecast occurrence of event of default, existence and valuation of the collaterals (if any), and global economic outlook in general and the specific economic condition of Hong Kong and the People's Republic of China (the "PRC"), would be considered. The Group considered that the default risk of those borrowers was relatively low thus the ECL rate of 13.21% is adopted in the calculation of the ECL on the loan receivables. Based on independent valuation performed, allowance for ECL on loan receivable of approximately HK\$24,877,000 was recorded for the period (30 September 2023: Nil).
